

GORLI LAXMI SRI

Email | GitHub | LinkedIn | CodeChef | LeetCode | +91-7013462209

Professional Summary

Aspiring Software Engineer with strong skills in Java, Spring Boot, React, MySQL, and Data Structures & Algorithms. Hands-on experience building full-stack applications with secure authentication and RESTful APIs. Passionate about building scalable software solutions through clean, efficient, and maintainable code.

Education

GMR Institute of Technology – B.Tech in CSE(AI & ML), CGPA: 8.23 / 10.0	2023 – 2027
Sri Chaitanya Junior College, Srikakulam – Intermediate, Percentage: 92%	2021 – 2023
Sri Chaitanya School, Srikakulam – SSC, Percentage: 94%	2020 – 2021

Projects

SelfSpace – Mental Health Web Platform GitHub

- Developed a full-stack mental health platform featuring AI-powered chatbot, mood tracking, gratitude journal, breathing exercises, and community chat.
- Designed secure JWT-based authentication, REST APIs, email notifications, and integrated mental health resources.
- Improved application reliability through Object-Oriented Programming (OOP), multithreading, unit testing, and debugging.

TrustVault – Cloud Secret Management Platform GitHub

- Engineered a secure cloud secret management platform with AWS IAM-based access control, key rotation, and security monitoring.
- Built a React dashboard and Node.js backend to securely manage secrets and enforce cloud security policies.

Technical Skills

Programming Languages: Java, Python, JavaScript, C

Frontend: HTML5, CSS3, React.js

Backend: Spring Boot, REST APIs

Database: MySQL

Version Control: Git, GitHub

Cloud: AWS Cloud

Soft Skills: Problem Solving, Adaptability, Quick Learner

Internships

ByteXL × GMRIT On-Campus Collaboration (*Rajam, Andhra Pradesh*) Jun – Jul 2024
Full Stack Java Developer Intern

Project: Leave Management System GitHub Link

- Developed a full-stack Leave Management System supporting Employee, Admin, and HR roles with complete role-based access control and JWT authentication.
- Built an email notification system and analytics dashboard using React, Spring Boot and MySQL, following industry-standard RESTful API design practices.

Certifications

- **AWS Academy:** AWS Academy Graduate – Cloud Foundations Sep 2025
- **NPTel – IIT Kharagpur:** Ethical Hacking Jul – Oct 2025
- **Coursera (Vanderbilt University):** Prompt Engineering for ChatGPT Dec 2024
